

International Association for Human Caring

You are invited to join our Global Caring Community

For over 40 years the International Association for Human Caring (IAHC) has provided a welcoming place for individuals from varied cultures, backgrounds, and professional disciplines to explore, discover, share knowledge and experiences related to **Caring. IAHC believes that **Caring** encompasses spiritual and human consciousness that connects and transforms. Our mission is to create positive Caring in healthcare, and beyond.**

Belonging to IAHC will provide opportunities for you to:

Engage in Caring Science Knowledge Development and Dissemination

- **International Journal for Human Caring (IJHC) online subscription**
 - Benefit from direct online access to the journal.
 - Access downloadable pdfs of individual articles published in current and past issues.
- **International Association for Human Caring Annual Conference; a 40-year tradition**
 - Earn Continuing Education at the annual IAHC conference.
 - Receive a reduced registration rate.
 - Present your own work at the annual conference.

Network with Leading Caring Scholars from around the Globe

- Meet other members and leading, interdisciplinary caring scholars at the IAHC Annual Conference.
- Develop lasting personal and professional relationships with like-minded people who believe Human Caring is of vital importance to our lives and to our planet.
- Renew your spirit.

Establish your Presence as a Committed Caring Professional

- Serve on IAHC Board and/or committees.
- Publish in the International Journal for Human Caring.

Become an Interdisciplinary Leader in Caring Science

- Build, develop, enhance and grow your knowledge of caring science.
- Develop international leadership skills.
- Participate in local and global efforts to sustain Human Caring and transform organizational systems into care-focused systems.

We invite you to Join Us.

Your presence and contributions will be valued and appreciated.
